EDUCATION

MPhil in Engineering Education

Expected 2027

University of Cape Town, Centre for Research in Engineering Education (CREE)

Supervised by A/Prof. Bruce Kloot and Dr Lauren Jansen.

- Research: Navigating Access to Industrial Placements, a constructivist grounded theory study of Nigerian engineering undergraduate students.

M.Eng in Mechanical Engineering

Adeleke University, Ede

- Thesis: Development of a Screen-Free Robotics Kit for Enhancing Computational Thinking in Early Education in Underserved Communities. Supervised by Engr. Prof. Olutosin O. Ilori and Engr. Kehinde M. Adeleke.

B.Eng in Mechanical Engineering

July 2022

Adeleke University, Ede

First Class (Honours)

Senior Secondary Certificate of Education (SSCE)

2014 – 2017

Ebunoluwa Intentional School, Ofatedo

Club: Junior Engineering and Technicians Club

Basic Education Certificate Examination (BECE)

2011 – 2014

Deeper Life High School, Osogbo

Primary School Leaving Certificate

2011

Good Tidings Nursery and Primary School, Osogbo

Conference Papers

1. **Olunlade, J. O.**, & Olayemi, M. (2026, June). Exploring FreeCAD for Teaching Engineering Graphics (GET 102) in Developing Nations. Paper presented at *2026 ASEE Annual Conference & Exposition*, Charlotte, North Carolina. <https://doi.org/10.18260/1-2--59749>

TEACHING EXPERIENCE

Tutor

2026 – Present

Department of Mechanical Engineering, University of Cape Town

Tutoring, grading and related teaching duties.

- MEC1020W, Introduction to Mechanical Engineering (2026)
- MEC2050S, Thermofluids 1 (2026)

Graduate Assistant

Jan 2025 – Jan 2026

Department of Mechanical Engineering, Adeleke University, Ede

- Supported the development of GET 102, Engineering Graphics and Solid Modeling I. Taught tutorial classes covering 100+ students and created tutorial resources to aid their knowledge of solid modelling and engineering graphics.
- Supported various classroom sessions for various courses.
- Supported departmental administration as the secretary of the departmental board.

Robotics Instructor

Sep 2020 – July 2022

Jilbotics Limited

- Facilitated online classes for a basic robotics course with a focus on Arduino.
- Designed instructional materials for both synchronous and asynchronous learning to support student understanding.
- Graded and reviewed practical assignments carried out by students.

Peer Tutor (Informal)

Sep 2018 – Dec 2020

Adeleke University, Ede

- Volunteered to provide tutorial support to peers in General Mathematics, Trigonometry and Algebra, Fluid Mechanics, and Thermodynamics.
- Assisted classmates in understanding difficult concepts and preparing for exams.
- Created YouTube Videos to enhance peer understanding.
- Organized study groups and developed learning materials to enhance group learning.

PROFESSIONAL EXPERIENCE

Equipment and Maintenance Officer

Nov 2023 – Dec 2024

Sphero Grid Nigeria Limited

- Managed and maintained all equipment, including surveying and geoinformatics instruments, computer systems, and mechanical systems such as vehicles and generators.
- Conducted regular inspections, basic repairs and troubleshooting.
- Coordinated with technicians and vendors for repairs and procurement of new tools.

Automobile Repair Training Exchange Internship

Jul 2024 – Aug 2024

Sphero Grid Nigeria Limited

- Completed an eight-week training internship focusing on automobile repair and maintenance.
- Gained hands-on experience with various repair techniques and tools.
- Worked closely with experienced local mechanics to learn about vehicle systems, troubleshooting, and repair processes.
- Applied practical skills to assist in routine maintenance and repair tasks, enhancing overall understanding of automotive repair.

Junior Production Engineer

Nov 2022 – Oct 2023

Federal University of Agriculture, Abeokuta (FUNAAB) Integrated Ventures

- Contributed to the production of various goods including sachet and bottled water, garri, fufu flour, and cashew nuts within the university's internal production unit.
- Assisted in overseeing production processes to ensure efficiency and product quality.
- Supported equipment maintenance and troubleshooting to minimize downtime.
- Collaborated with the production team to improve workflow and output.

Student Intern

Mar 2021 – Aug 2021

Prototype Engineering Development Institute, Ilesha

- Developed Windows-based desktop applications using Java and the JavaFX framework.
- Designed and prototyped a small Arduino-controlled robot car, enhancing practical skills in robotics and embedded systems.

Student Intern

May 2020 – Oct 2020

Department of Mechanical Engineering, Adeleke University

- Contributed to the design and development of an innovative automatic dispensing unit with touchless stations for water, soap, and sanitizer, utilizing proximity sensing technology.
- Assisted in creating an automatic disinfectant chamber that sprays disinfectant upon entry, supporting the university's COVID-19 response.
- Gained in-depth knowledge of automatic control principles, microcontroller programming, and sensor selection.

Student Intern

Jun 2019 – Sep 2019

Prototype Engineering Development Institute, Ilesha

- Developed skills in solid modeling of components using CAD software, specifically Autodesk Inventor.
- Acquired programming expertise in C and gained practical experience in hardware programming with Arduino.
- Enhanced understanding of G Code and participated in simulations related to CNC Lathe G Code operations.

LEADERSHIP AND ENTREPRENEURSHIP

Founder & Executive Director

Apr 2023 – Present

Care for Knowledge (CFK)

- Established a nonprofit organization dedicated to providing educational resources and mentorship to students.
- Developed and implemented programs to make educational materials accessible to all, regardless of location or income.
- Led efforts in fundraising, partnership building, and community outreach to support the organization's mission and expand its impact.

Project Lead

Jan 2023 – Present

Morship Game Development

- Conceptualized and launched a Christian board game designed to foster fellowship through interactive gameplay.
- Led project development, including design, production, and marketing efforts.
- Managed a team, coordinated resources, and ensured project alignment with educational and entertainment goals.

Founder & Director

Jan 2023 – Present

Sphero Life Limited

- Co-founded Sphero Life Limited, focusing on creating educational and interactive content for Christian communities.
- Directed project planning, content development, and community outreach.
- Oversaw strategic initiatives, budget management, and organizational growth.

HONOURS, AWARDS AND FUNDING

Intra-Africa Mobility Grant

Capacity Building for Engineering Education (CB4EE) consortium

Funding for MPhil studies.

Best Graduating Student

2022

Department of Mechanical Engineering, Adeleke University, Ede

Microsoft Office Specialist National Championships, Word 2019 Category

2022

PROFESSIONAL MEMBERSHIPS

Graduate Member (GNSE)

2022 – Present

Nigerian Society of Engineers

CERTIFICATIONS AND TRAINING

Digital Manufacturing & Design

July 2024

Coursera (Offered by University at Buffalo, The State University of New York)

- Explored the shift from paper-based to digital processes in manufacturing. Gained insights into how digital manufacturing and design (DM&D) transforms product design and production, enhances company responsiveness, and creates new career opportunities. Learned about the impact of technology on manufacturing practices and how it increases competitiveness and productivity.

[Certificate link](#)

How to Create an Online Course

Nov 2023

Coursera (Offered by The University of Edinburgh)

- Understood how to design learner centered instructional materials.
- Completed practical activities on producing educational content for learners.

[Certificate link](#)

How to Create Videos for Online Course

Nov 2023

Coursera (Offered by The University of Edinburgh)

- Developed relevant skills to script, storyboard, and film educational videos.
- Developed an understanding of the various tools and resources needed for the pre-production, production, and post-production phases in the creation of online courses.

[Certificate link](#)

Viral Marketing and How to Craft Contagious Content

Nov 2023

Coursera (Offered by The University of Pennsylvania)

- Developed an understanding of the principles that make ideas sticky and viral.
- Understood the concepts of how social influences shape human behavior and the power of word of mouth.
- Understood the power of social networks in making content spread.

Microsoft Excel Expert (Microsoft 365 Apps and Office 2019)

July 2022

Issued by Microsoft

COMMUNITY SERVICE

Discipleship Coordinator

Nov 2023 – Feb 2026

Grace Bible Mission Students' and Teenagers' Church

- Coordinated discipleship programs for students and teenagers, fostering spiritual growth and community involvement.
- Organized and led discipleship meetings, Bible study sessions, and mentorship activities.
- Developed and implemented strategies to engage youth and enhance their spiritual development.
- Collaborated with other church leaders to support and guide the younger members of the congregation.

Team Leader & Technical Support

Feb 2024 – Jan 2025

WikiQuestions

- Led a team in the collaborative sharing of past examination papers to aid students' exam preparation.
- Provided technical support for the platform, ensuring smooth operation and resolving any issues.
- Coordinated with team members to enhance platform functionality and user experience.
- Developed and implemented strategies to increase user engagement and expand the platform's reach.

Team Member

Nov 2022 – Oct 2023

Gender Equity and Charity, Community Development Service Group (NYSC)

- Participated in outreach programs to educate the community on gender equity and charitable practices.
- Assisted in organizing events and workshops focused on raising awareness and promoting gender equality.
- Contributed to developing educational materials and engaging with community members to foster understanding and support.

National General Secretary

Sep 2020 – Sep 2022

Grace Bible Mission Students' Fellowship

- Coordinated the overall administrative functions of the fellowship, ensuring smooth operations and effective communication.
- Managed and generated detailed reports on fellowship activities and progress.
- Assisted with organizing events and meetings, facilitating a cohesive and well-organized fellowship environment.

Student Chaplain

Sep 2019 – May 2022

Wisdom Chapel, Adeleke University, Ede

- Supported the chapel's growth and development by assisting the Pastor with member records and spiritual activities.
- Engaged in various tasks assigned by the Pastor to contribute to the chapel's mission and community outreach.
- Facilitated member engagement and supported spiritual development initiatives.

National Bible Study Secretary

Sep 2019 – Sep 2021

Grace Bible Mission Students' Fellowship

- Prepared and organized Bible study materials for both offline and online sessions.
- Coordinated and facilitated Bible study meetings, contributing to spiritual growth and engagement within the fellowship.
- Performed other duties associated with the role to support the fellowship's mission and activities.

Organizing Team Member

2019

TEDxOsogbo, 2019

- Contributed to the planning and execution of TEDxOsogbo, a high-profile conference featuring speakers from various fields.
- Assisted with logistics, including venue setup, scheduling, and speaker coordination.
- Collaborated with the organizing team to ensure a smooth event experience for attendees and speakers.
- Supported marketing and outreach efforts to increase event visibility and audience engagement.
